

Danielle Supercinski is a project manager at the Texas Water Resources Institute (TWRI), part of Texas A&M AgriLife, in College Station, Texas. She currently manages projects focusing on water conservation, precision irrigation and implementation of best management practices in the Cedar Creek watershed. In addition, Danielle manages a project with Harris County focusing on microbiology, wastewater treatment and wetland issues. She has been with TWRI for 3 ½ years and is also heavily involved in the Institute's communications efforts.
